

# STYLE-SCOPE

By Deborah Harris

## Libra

Stomp through a wobbly start to your month in some new buckled ankle boots. Tackling a long overdue home project keeps you from stressing and by the time your kitchen cabinets are freshly papered ... it's smooth strutting ahead.

## Virgo

Your past is catching up with you ... and so are the shoulder pads you thought you left behind. Right your past fashion crimes by giving 80's style your own modern panache ... and you'll have the confidence to clean up that old unfinished emotional business that crops up mid-month.

## Scorpio

Body, mind and spirit in-sync ... you're feeling fine, Scorpio. And you'll be looking fine in supple, nude-toned pieces that put the focus on you. By the fifteenth, that new hobo bag of yours proves you really do have the world in the palm of your hand.

## Sagittarius

You dickens, you. Love's on your mind this month thanks to a sweet, sweet, sweetie ... so slip into blushing-sheer cashmere and stay in. Until the end of the month, that is, when a party draws you out of your love nest and into a swishy new dance dress.

## Capricorn

Time is on your side this month, Capricorn. And it's high time you invested in your future ... and in a fine vintage watch that'll keep you motivated everyday. A dream journal will help you find goals you've lost track of ... so keep those dreams sweet by nestling into some fresh smelling flannel sheets.
